

Treehouse Theatre presents

WHY US?

ABOUT:

War shreds your life in a flash of violence, leaving your family without any place to call home. You have a new name now - refugee - and a new life to construct. This is the true experience of our young survivors, who are left asking the question "Why Us?"

Through the magic of performance, these brave young people will share their stories of joy and horror, humour and pain, loss and belonging. But they still ask "Why Us?"
